## – MAGAZINE FOR CONTEMPORARY DRAWING #8/9

The annual Berlin-based magazine was founded 1999 in Trondheim, Norway and focuses on drawing as an independent research and artistic practice. The magazine intends to uncover the potential forces of a medium such as drawing and its possibility to reach innumerable conceptual and expressive directions.

The Norwegian artist Bjørn Hegardt is the founder and editor of the magazine.

Fukt is an international magazine, inviting the most interesting artists and writers to present their views on contemporary drawing. The Issue 8/9 was created during Hegardt's residency at Center for Contemporary Art in Warsaw during spring 2010. The largest so far double issue of the magazine comprises works of as many as 32 artists. The section *FUKT IN FOCUS* presents the work of artists invited by Bjørn Hegardt. In the part *INVITED TO INVITE* the selection was made by thirteen curators invited by the editor.

In June and July 2010 Fukt was launched together with two curated drawing exhibitions at CCA in Warsaw and Nomad Foundation in Rome. Launches and presentations will follow at the Art Book Fair "Unter dem Motto" in Berlin (Sept. 3-6), UKS Galleri, Oslo (Sept. 2) Útúrdúr in Reykjavík (Sept. 11) Oqbo Berlin (Oct. 1) and NY Art Book Fair at PS1 in New York (Nov. 4-7).
